

Kenya Airways to commence flights to Jeddah, Saudi Arabia

National carrier and Pride of Africa Kenya Airways today announced that it will commence flights to the Middle Eastern city of Jeddah in The Kingdom of Saudi Arabia effective 18th October 2011. The much anticipated service marks Kenya Airways' 56th global destination and 3rd in the Middle East. Kenya Airways will operate the route twice a week from Nairobi every Tuesday and Saturday on a Boeing 737-800. This new service highlights Kenya Airways ambitious growth plans to expand its network not only across Africa but also beyond the borders of the continent.

About Kenya Airways is Sky Team member, giving passengers and cargo customers access to a much wider range of destinations all over the world with a fleet of 33 aircraft and serves more than 3 million passengers annually, flies to 56 destinations in the world, including cities across Africa, as well as Europe, Middle East and Far East. The on-board service is renowned and flat bed business class seat on the wide-bodied is consistently voted among the world's top 10. We operate more transcontinental flights than any other African airline.
